Summary

Final-year Computer Science student specializing in full-stack development (MERN & ASP.NET). Experienced in building scalable web applications, REST APIs, and AI-powered systems. Currently working as a Software Engineer Intern with strong skills in backend development, database management, and system optimization.

Experience

Software Engineer Intern

May. 2025 – Present

Orange Business Services

Gurgaon, India

- Developed and maintained **ASP.NET web applications** using **C#** for server-side logic.
- Implemented **ADO.NET** for database connectivity, supporting efficient data retrieval and storage.
- Designed, created, and managed **relational databases in SQL Server**.
- Performed **CRUD operations** (Create, Read, Update, Delete) and ensured data integrity.
- Optimized SQL queries reducing response time and improving performance.
- Implemented **data validation and basic error handling** in backend logic.
- Debugged and resolved **application-level, database-related, and runtime issues**.
- Assisted with **deployment, configuration, and troubleshooting on IIS Server**.

Projects

Dossier | Next.js, TypeScript, MongoDB

2026

- Built AI-powered resume analysis system using Gemini API improving candidate screening efficiency.
- Designed automated outreach system reducing manual HR effort by 40%
- Integrated **Google OAuth** for secure, role-based user authentication.

Chat Bot Application | Node.js, Express.js, JavaScript

2025

- Developed chatbot handling dynamic user queries using JSON-based knowledge base
- Enhanced user experience with theme customization (dark/light mode)

Technical Skills

Languages: C#, Java, JavaScript, TypeScript

Frontend: React, HTML, CSS

Backend: Node.js, Express.js, ASP.NET

Database: SQL Server, MongoDB

Tools: Git, Docker, OpenShift, Jira, IIS

Concepts: REST APIs, Authentication, Data Structures

Achievements

LeetCode Coding Challenges | Consistency Badges

- Earned badges for successfully completing 50-day and 100-day continuous coding challenges
- Participated in 10+ coding contests, consistently performing in top coding club in my college

Bits 'N' Bytes Club, Chitkara University | Discipline Head

- Recognized for leadership excellence and promoted to Discipline Head, contributing to effective team coordination and club operations

Education
